The key to tomorrow is the key that unlocks the portal  
to a new era for those who prepare for it. This instrument  
is not easy to possess, nor is it available for the asking. It  
is only for those who show an interest in mankind and a  
desire for improvement. This "open sesame" is a gadget  
as old as time, as practical as red flannels, and as necessary  
as three meals a day. The key to tomorrow, wielded with  
concern by the right hands, will pave the way to a better  
tomorrow, more amiable relationships with our neighbors,  
and a brighter future for everyone concerned. The key can  
be obtained only after long, painstaking, and constant  
striving. It can be held only by those who preach and prac-  
tice the Golden Rule and show a desire for the betterment  
of present conditions at home and in the world at large.  
The key of tomorrow will open the door to free-enterprise,  
high quality productions, and unlimited competition; it  
will spell happiness and success for all.

You're making  
you all the luck

Superintendent

MR. ROBERT S. FARRAR  
Principal

## *Administration*

One of the most important factors of our high school is the cooperation of the administration. It is through their whole-hearted support and interest in school activities that Santa Ana High School carries on.

Holding the top position is Mr. Lynn H. Crawford, Superintendent of Schools. His job is a tremendous one, for he must help with the administration of all the schools in Santa Ana.

Mr. Robert S. Farrar is Principal of our own Santa Ana High. His kind and understanding attitude toward all, and all students and faculty members has endeared him to many.

Mr. John E. Johnson, Vice-Principal, and Miss Helen Kirkland, Girls Vice-Principal, are probably two of the busiest members of the administration. Mr. Johnson handles all class department problems and demerits along with acting as adviser to the Board of Control. Miss Kirkland's job is to straighten out any problems that the girls may have. She is also one of the advisers of the Girls' League Cabinet.

Acting as Social Adviser, Mrs. Mirrie Bouchev helps handle all arrangements for the use of the Hut or Cafeteria by any club. Putting up posters for advertisement of school events is also supervised by Mrs. Bouchev.

The Attendance Supervisor, Mrs. Virginia Fielding, has a tremendous  
 She takes care of all absences and tardiness. Her office handles all

# Faculty

Our teachers have taken us by the hand and helped us. They are the people who have worked side by side with us, and for that we may be speeded along our way, thank them. They have helped us not only in school but in life as well. They have been advisors, assistants, and companions in numerous occasions.

They put forth a good example of how to progress toward our goal of education. The helpful and able assistance which they have given us will forever remain in our memory and in our hearts. We will always look back and remember their favorite sayings and expressions. Their attitudes will have considerable influence on our success and future happiness. They have molded many of our ideals and standards.

Our teachers have earned a place of respect in our hearts. Because of their untiring aid and understanding, they will always be close and dear in our memories. Teaching, which is often thankless, is something we can not do without; and for it we now express our gratitude.

Dear Betty, I hope  
I haven't forgotten  
you, but I have to  
get to work now.  
I'll be home soon.

# Office Secretaries

Education is a business as complicated as any in the world today. While the students are mainly concerned with assignments and grades, others must attend to the permanent records, financial transactions, textbooks, and hundreds of daily requests for information and service from students, alumni, faculty and the general public. The office secretaries of Santa Ana high school are the cause of their efficiency, their helpfulness and their amiability, making the business of learning running smoothly throughout the year.

## *Custodians*

Some of the most loyal Saints here in Santa Ana High School are not enrolled as students. These Saints arrive at school very early in the morning in order that they may have our buildings and campus in order by the time we arrive.

They are loyal in many ways. Their varied duties range from picking up waste paper and keeping the hall in order to polishing desks and regulating heat in classrooms throughout the school.

Credit for the outstanding beauty of the campus belongs to the gardeners who work throughout the year to provide a wealth of seasonal flowers.

## *Student Administration*

The first semester student administration was headed by President Henry Aguilera. The sale of Student Body Tickets began this semester, followed later by the annual Color Day with its traditional Kangaroo Court. At the close of the semester, a football banquet was held.

The second semester had Herschel Musick as Student Body President. One of the many affairs during the second semester was the Student Body Picnic. The semester ended with a spring sports banquet, which paid honor to Saints participating in spring sports.

The Board of Control has general supervision of all student body activities. It sponsors many important affairs during the year, such as Color Day, the Student Body Picnic, pep assemblies, and promotion of the annual sale of the Student Body Ticket.

One of the essential bodies in maintaining school order is the Student Relations Committee. Consisting of twelve seniors, ten juniors and eight sophomores, the committee was directed by Diana Charlton the first semester, and Jimmy Crowe the second semester. This group has many activities, but the main project is to obtain better relationship among students.

The duty of the Self-Government Committee is the handling of cases referred to it by the Student Relations Committee.

*Girls' League*

The Girls' League has had many members serving all of Santa Ana High School.

One of the first things the organization did was to sponsor the Information desk in the foyer to help new students find their way around the school. After that came the Sophomore Tea and Fashion Show, which was very successful. Then came the Pot-luck supper for all new students. Next on their calendar was the Football dance in the Northrop auditorium after the Anaheim game.

For the Christmas season, the League gave did a beautiful job of decorating the Christmas tree in the gymnasium. During the second term, the league sponsored the Vocational Conference which was a great help to many girls in finding their future professions.

One of the biggest activities of the Girl League was the Co-ed Dance in March, to which the girls invited the boys and paid all the bills.

Diana Headrick was the president of the cabinet the first semester and Helen Honer was her successor for the second semester.

In this postwar period we must attempt to find the key to a better understanding in order to unlock the door to universal peace.

Like children afraid of the dark, we fear most that which we do not understand. Early man distrusted even the elements until he learned to make use of them. Tribal battles and later wars between nations have grown out of misunderstanding and intolerance.

Through reading and experience we can acquire knowledge of the background, the interests, and the problems of other people. As we discover how much we are alike and learn to arbitrate our differences, tolerance will grow into friendship.

If each citizen tries a little more to understand himself and his neighbors, the key to lasting peace will be found and used.

The Ariel Art Staff under the capable guidance of Mrs. Lee Felt has played a large part in making this year's Ariel such a success.

Joanne Morrison and Barbara Tucker, the co-editors of the Ariel Art Staff, were very busy during the year and spent a great deal of time and energy in preparing the art for the yearbook.

Each member of the staff has a special talent and has contributed to the success of the staff. With the help of Mrs. Felt, the staff has been able to produce a yearbook that is both beautiful and informative.

The yearbook is a reflection of the staff's hard work and dedication. It is a testament to the staff's ability to work together and to produce a high-quality product.

## Ariel Art Staff

Under the capable editorship of Connie Schulz, the Ariel Literary Staff has worked together to bring you the top-notch Ariel. The staff, consisting of three Juniors, three Seniors, and five Seniors, has been busy from the beginning of school writing assignments and meeting deadlines.

With Miss Mildred Watson assisting, the job of taking names and interviewing the senior pictures so that they could be placed in the pictures when the book was printed. In addition, running commentary throughout the book was an added task set before this industrious staff. Connie Schulz, the official of all the many jobs of the Ariel Literary Staff, is also trying to capture the spirit of the year in the many activities and events that took place during the school year.

At the end of the year the members of the annual Ariel banquet honoring all those who have worked on the yearbook.

## *Ariel Literary Staff*

The photo work for the Ariel has usually fallen on the shoulders of one or two enthusiastic young photographers. This year the staff was increased to allow for a more complete coverage of school events and activities as well as to ease the load from too few shoulders.

This Ariel staff should be better known as the Photography Staff of Santa Ana High School, as it has done most of the pictures for the Generator in addition to its work on the yearbook.

The staff, under the guidance of Mr. Gerald Bruce, advisor, had to mount the senior pictures, put the names on other class pictures, photograph scenes for the divisional pages, and supervise the taking of other pictures.

During the first semester, the photography staff also sponsored a contest for snapshots for the Ariel, with a \$5.00 prize for the best picture.

This group was also in charge of the 1950 Ariel banquet, celebrating the successful conclusion of the work on the book.

### Generator Editors

First row: D. Drageset, P. Reinhardt, S. ...  
 Second row: J. Emore, J. Spiegel, A. Valles.

Members of the Generator Staff, under the editorship of Jim Spiegel for the first semester and Donna Drageset the second, have labored skillfully and painstakingly in their task of supplying news and information to the whole school.

The Generator Staff is, perhaps, the busiest of all the publication staffs in Santa Ana Senior High School, as it has the responsibility of publishing, copy-reading, and proof-reading twenty-four papers a year. This means the job of getting out on the average of one paper a week. In spite of the tremendous amount of work required of each member, the staff still reported all the sports events, parties, dances, club doings, and personal items and met deadlines faithfully.

The task of being the advisor for such a group is no easy one. Mr. Delmar Martens acted as advisor for the first semester, and Miss Mildred Watson took over the responsibility for the second semester. However, with the co-operation and help of all the journalism students, the Generator sailed through a successful year.

The Creative Writing Class, under the guidance of Miss Mildred Watson, writes and publishes "Leaves in the Wind" every year.

Much painstaking effort was put forth by John Harvey, editor of the magazine, and the editorial staff. With the aid of Miss Watson, the entire class chose the best writings; then, the real work began.

With the deadline looming up before them, the seventeen potential writers taking the course worked hard re-writing, copy-reading, and re-typing their brainchildren, until finally the book was ready to go to press.

Barbara Buchanan, business editor, took over the publicity, and at last pushed the actual sale over the top.

All work and no play makes Sammy and Sally Saint dull students. Miss Watson, being the understanding advisor that she is, suggested a party to celebrate the success of "Leaves in the Wind." The party was held upon, and for one evening these "would be Shakespeares" forgot their English, History, and the like, and concentrated on fun.

A most successful and happy year was enjoyed by the Creative Writing Class. They have learned not only to write stories and poems but also to have fun in their work good naturedly.

## Leaves In The Wind

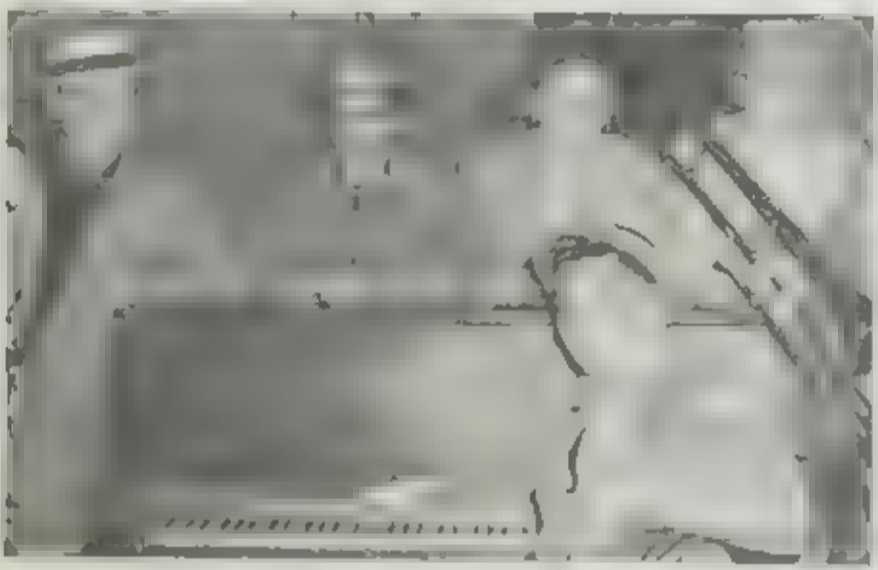

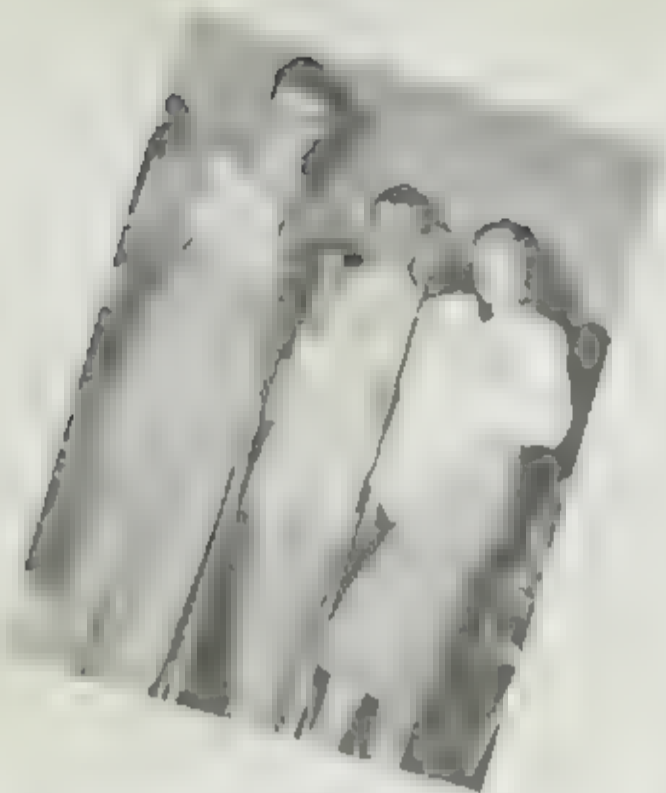

Too much praise can not be given to the print shop and to Mr. W. and E. Francis for their hard work in doing printing of the fine printing needed for the Santa Ana school. President Arthur R. H. assists Mr. Francis in the printing department by the department.

Every year a tremendous effort that is put forth in the printing of the many features, which are probably the most beautiful bulletin and the football programs and the El Don and Don games. Besides publishing the El Don and Don games setting up printed material for the Ariet, the print shop is entirely responsible for the fine workmanlike El Don and both of the junior high school papers.

In the print shop Mr. Francis supervises a class in printing. Under his guidance students learn the fundamentals of printing, working the various machines, and cutting out a newspaper. Mr. Francis is used as a supplement to the printing application in printing. The student body owes the print shop and Mr. Francis a great deal for their successful efforts in making Santa Ana High School's printing department top.

The key to sportsmanship can best be found through actual participation in various sports. In doing so, we find that we must obey the rules; that we must recognize our opponent's ability, as well as that of our fellow players; and that we must not lose respect for the defeated, as they have often put more into the game than the victor. We must be humble and modest in victory rather than conceited and boastful; and we should not alibi or criticize in defeat. Good sportsmanship should not end on the field, but should continue in every line of endeavor.

## Coaches

Starting the school year out with football, Coach "Big Bill" Cole taught the varsity team that sportsmanship and teamwork are equally important. The "Bee" basketeers were also coached by Cole.

Returning for his fourth year as varsity basketball coach, "Bus" McKnight led the team through a victorious season. McKnight also helped Cole as varsity line coach.

Herb Covington, in his first year as a Santa Ana High School coach, assisted Warhurst with the "Bee" football team and trained the "Cee" basketeers.

Tennis, one of the most thrilling spring sports, was coached by Walter Engler. Several meets arranged by Engler provided much entertainment for Saint spectators.

John Wilson completed his fourth year as swimming instructor with a team any man would be proud of. Wilson also coached the "Cee" football team.

This year, as in previous years, Reece H. Greene built up an excellent track team. His cross country boys also made a very good showing in the fall season.

Ending the school year with baseball, Coach Don Warhurst developed a ball team that provided the Santa Ana student body with many breathtaking games. Warhurst also coached the "Bee" football team.

# Football

Since most of the experienced lettermen had graduated Coach Cole's Saints were not rated very highly in September. However, when the season ended, they were in third place in the league.

Opening the season at Long Beach Poly, the Saints passed their way to a surprising 12-6 win. Returning home, Coach Cole's team whipped the Riverside Bears 32-0.

In their first league game, the Saints beat Downey 32-13. This was followed by a 25-6 win over Anaheim and 33-14 over Huntington Beach.

Then came the heartbreaker. The Saints were clawed to their first defeat, 32-19, by the Panthers, a surprisingly strong Orange team.

With the cry, "Beat Fullerton," Santa Ana went to Fullerton for the do or die battle for the Sunset League crown. But, try as they did, the Saints were unable to score and returned with a 33-0 loss. This was followed by a 14-0 defeat at the hands of Newport Harbor.

With the league games over, the Saints played their last game with Pomona. After giving the Red Devils a real scare Santa Ana came out on the short end of a 22-19 count.

The Saints placed three players on the All-Sunset squad. They were David Cole, Zeph Jones, and Ed Fouch.

# Bee Football

When the school year began, many Sammies wished to participate in football. Those Saints who were not physically qualified for the varsity team signed up for the "Bee" team, which was ably coached by Don Warhurst and Herb Covington. After victory and defeat, the "Bees" ended up in fourth place in the league.

The season opened with an exciting game against Long Beach Poly. It ended in a 13-13 tie. This was followed by a 28-14 win over Riverside. In their first League game these "Little Saints" downed Downey 14-7. After securing a 13-7 win over Anaheim, the "Bee" met Huntington Beach for a 7-0 defeat. Traveling to Orange, they came from behind for a tie, 13-13. Making sure that "the only good Indian is a dead Indian," these busy "Bees" beat Fullerton 6-0. In the last League game they encountered Newport for a heartbreaking defeat, 41-10.

## Cee Football

When the 1949 football season came to a close in November, this little package of dynamite, otherwise known as the Cee football squad of Santa Ana High School, ended out of the money despite the able coaching of John Wilson.

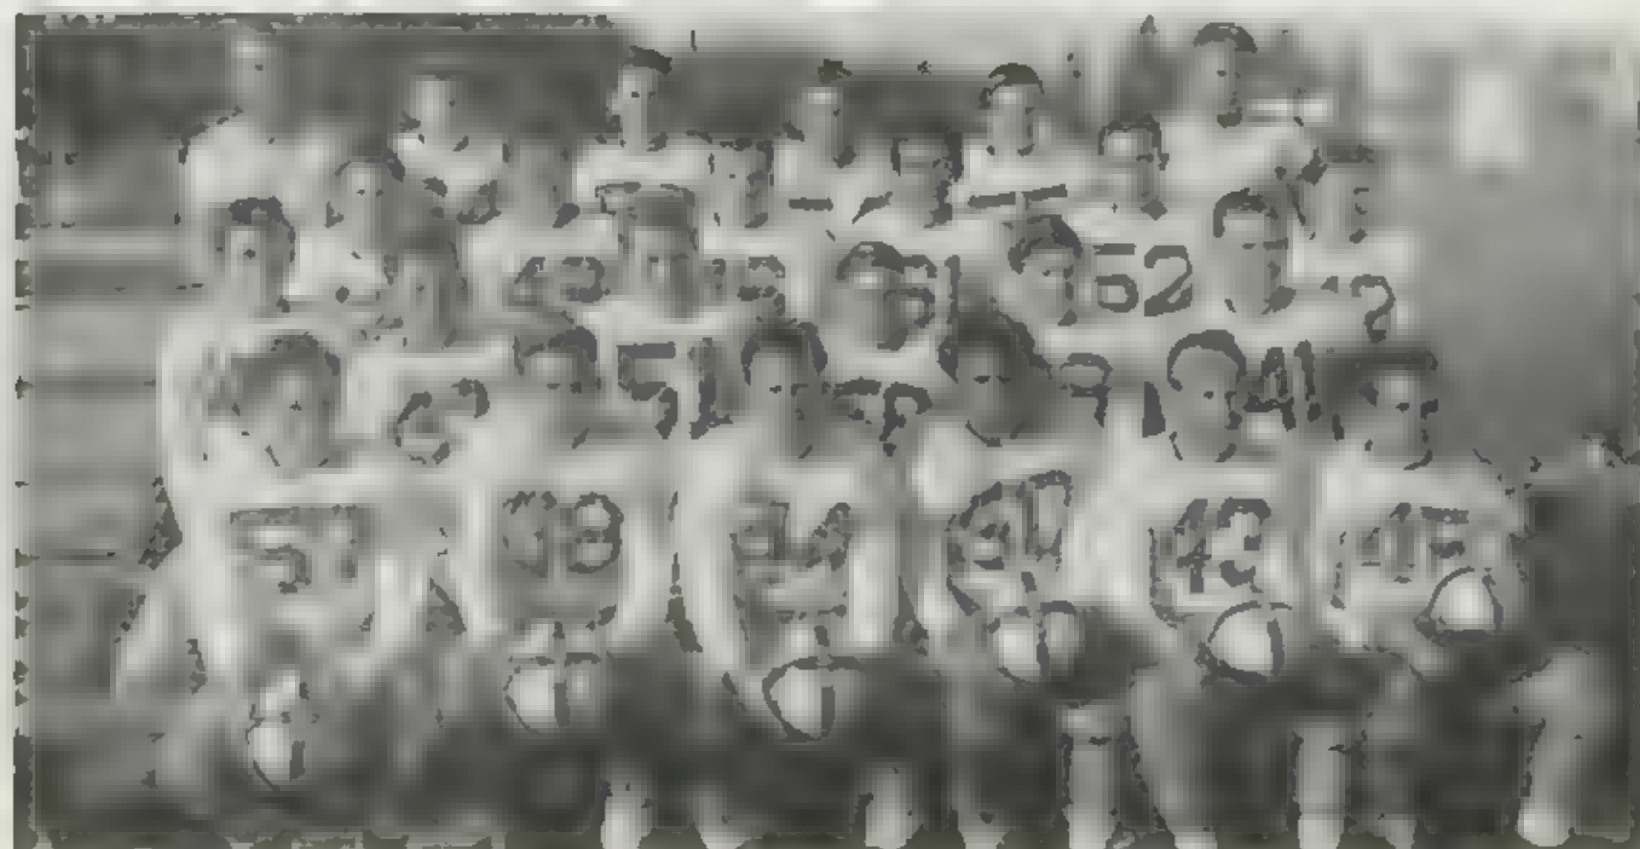

The first three league games played by the Cees seemed a little discouraging with scores being Downey 7-Santa Ana 0, Anaheim 13-Santa Ana 0, Huntington Beach 6-Santa Ana 0. Fed up with defeat, the Cee team exploded with a 19-6 win over Orange. This game was followed by a victorious win over the Fullerton Cee team—13 7. The Newport-Santa Ana game, which climaxed the league season, culminated in a 0-0 tie.

# Basketball

Beginning their season with one of the greatest basketball teams Santa Ana High has ever produced, Coach "Bus" McKnight's Saints played excellent ball all the way through, winning many outstanding honors for themselves.

In the annual Huntington Beach Tourney, Santa Ana lost the first game to Saint Anthony's, 41-39, but went on to win all their other games and the consolation championship by beating Garden Grove 60-35.

Back playing the regular Sunset League games, the Saints went through the season with eleven wins and only one loss. They did so by making such high scores as 61-43 over Downey, 75-39 over Orange, 61-39 over Huntington Beach, etc. The only loss was to Anaheim by a close 45-38 count. In the playoff for the championship, however, the Saints beat Anaheim, who tied with them for first place, 51-46.

Entering the CIF playoffs, Santa Ana lost the first game to Burbank, 66-58, in a closer game than the score looks.

## Swimming

John Wilson's swimming Sammies began this year's season with high hopes and a lot of skill. Coach Wilson showed his and the team's confidence when he said, "We are going to have a good team this year, for there is a lot of talent

To prove that he was right, the team crowned a season of activity by bringing home the Sunset League championship for the first time since 1943.

Twenty-seven boys turned out this season. Charles Raaburg and Bob Coffman were selected co-captains. Other standouts are George Bartell, John Parke, David Hayes, Tommy Corbin, Jack Nailon, Russ Murphy, and many others

# Baseball

Even though the Saint baseball squad was weakened at first after losing two games to Long Beach Wilson High in a pre-league tournament, the team responded to Coach Don Warhurst's stiff afternoon workouts

The team, as usual, competed in the annual Pomona tournament during the Spring vacation. Bob Hickson, this year's captain, heads a roster of six regulars who made letters last year. These players and a squad of Junior Varsity members coming up in the ranks made a promising team, and they gave the coach all the co-operation possible.

Competing in the Sunset League Championship race afforded the Saints a chance to give the student body many exciting games. Congratulations for turning out an excellent team are in order for Coach Warhurst, who worked in the baseball coaching position for the first time this year.

# Tennis

Responding to vigorous training given to them by Coach Walter Egger, the 1949-50 tennis team succeeded in giving the student body many exciting games. Guided by co-captains Charles Rockwell and Jim Crowe and three other returning lettermen, the net men made remarkable progress in perfecting their game.

The team, for the most part, gave tough competition to their opponents, meeting Downey and Anaheim, two strong schools, early in the season. Later they entered in the Orange Invitational meet. Schools from all over Southern California are invited to enter one team in this competition.

Even though the team is composed of only 27 members, Coach Egger emphasizes the point that tennis is not a girls' game. It is a sport that can be enjoyed even after graduation from school. By putting this idea over, especially to those out for tennis, he has produced a team whose spirit and enthusiasm is difficult to beat.

## Girls' Athletics

To show that Sally Saint is not a little weakling, the girls participate with remarkable vigor in the various sports all year. Starting off with a bang at the beginning of the year, the girls play basketball. Hockey comes next with a lot of bruises and grumbles. Soon thereafter such phrases as "spike it," and "kill it," remind one that volleyball is here. Baseball is the last item on a full year's girls' sports program.

At the end of each season, a play day is held at one of the high schools, so that the girls may show their ability and become acquainted with girls from other schools.

One of the more important phases of girls' athletics is membership in G. A. A. To belong to this organization, a girl must take an active part in sports all three years at high school. It is an honor to be in this group.

Thus, it can be seen that while Sammy Saint is busy collecting laurels, Sally Saint keeps herself very busy, too.

We graduates from this and thousands of other schools will be the men and women of tomorrow's world. To us will be given the power to build or to destroy, to weaken or to improve the sphere in which we live.

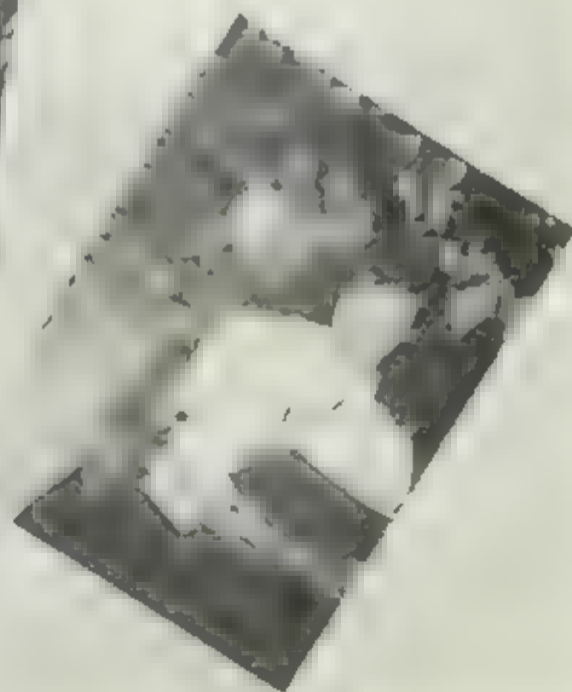

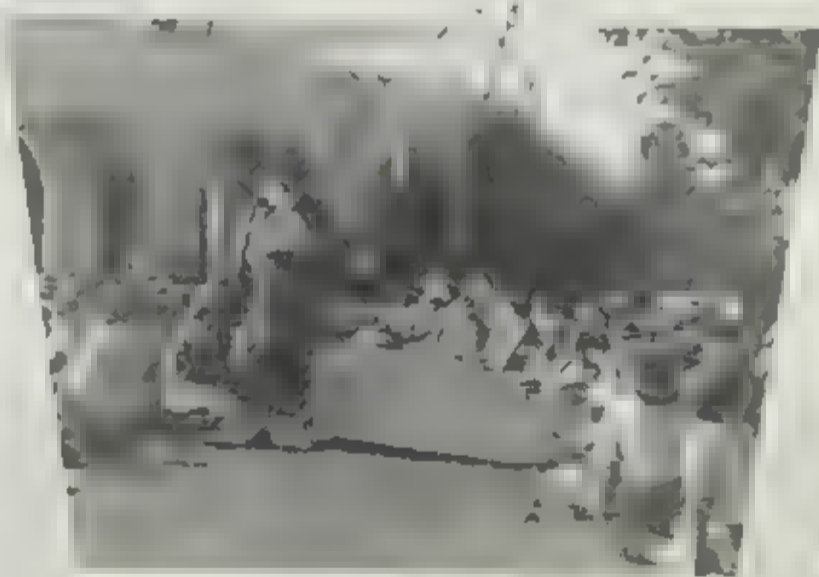

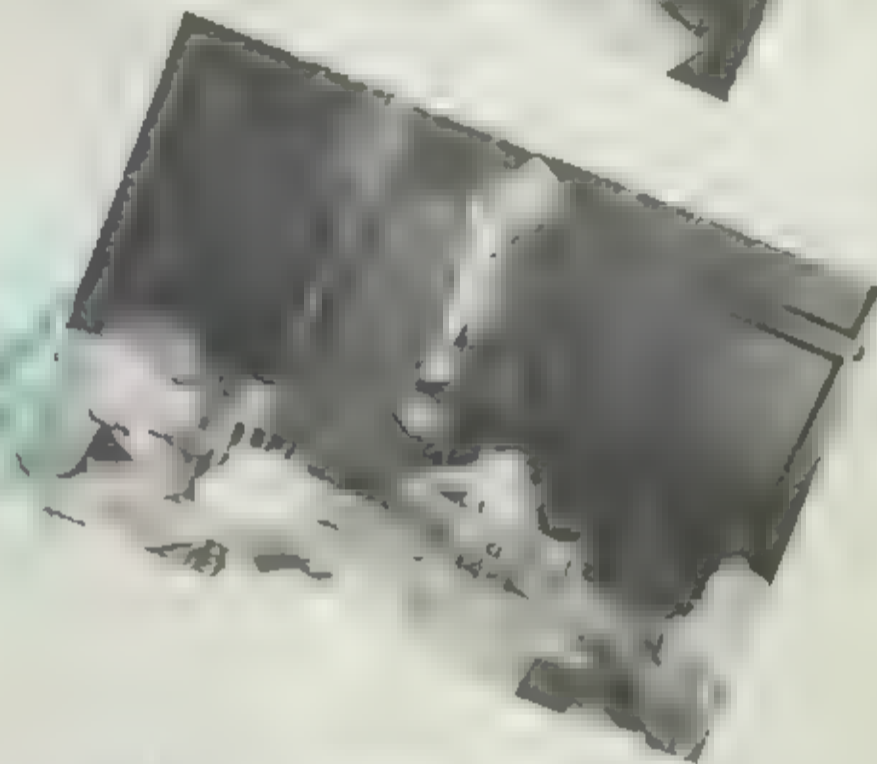

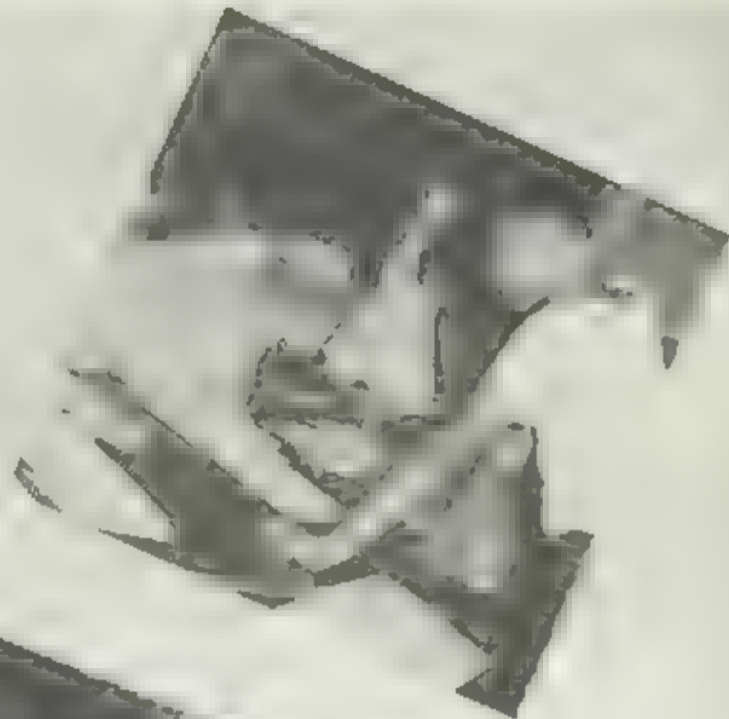

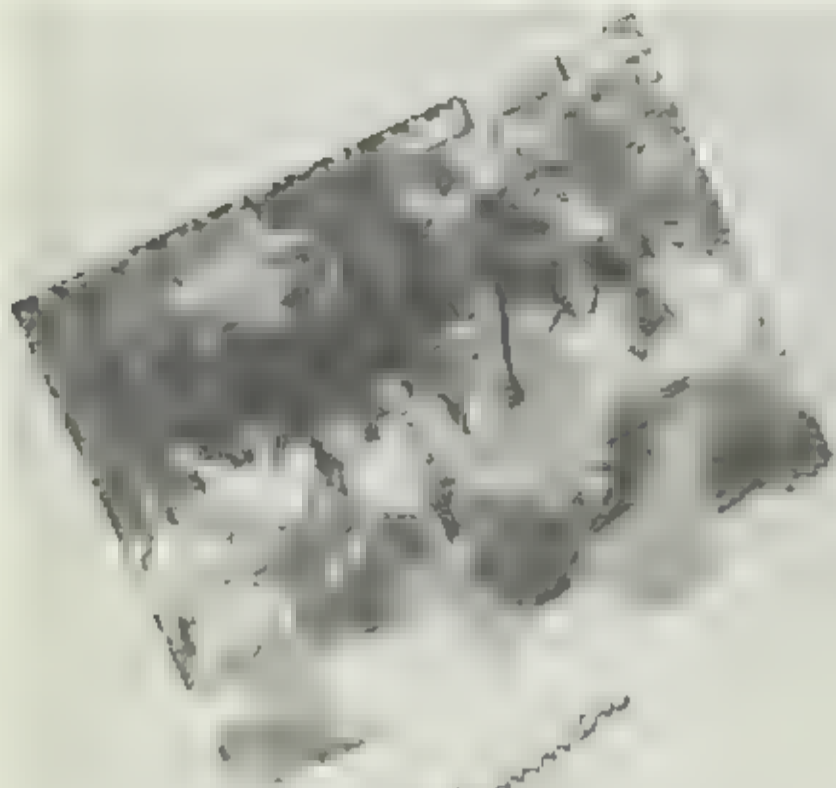

The key to a better world lies in the attitude that each individual takes in assuming his responsibilities, whether great or small. The doors of difficulty and doubt may be unlocked by the keys of knowledge and cooperation.

As we stand upon the threshold, we are determined to make ours a better world in which to live.

## *Sophomores*

The little greenhorns, otherwise the class of '52, were first introduced to our high school by a series of orientation assemblies at the beginning of the year. Quickly adjusting themselves to new systems and new classes, they participated enthusiastically in school activities. Swelling the attendance at athletic events, taking part in school plays, showing unusual prowess in musical organizations, and becoming members of many of the clubs were just a few of their main activities during the year.

With so many achievements to be already proud of, the sophomores will indeed be a credit to our school and to our community.

## Juniors

The year 1950 brings to a close an illustrious and eventful year for the junior class at Santa Ana. It was a year of many interesting activity. First there was the selection of class rings; then there was election of class officers; and then as a grand finale, there was the Junior-Senior Prom, a dance sponsored by the juniors for the senior class.

Now the school year is drawing to a close, but next year will see success and fulfilment of our dearest dreams and hopes, for next year we shall be seniors.

was driving me  
crazy. So I got  
a new one.

I have been very busy lately  
and have not had time to write  
to you. I am sorry to hear  
that you are feeling unwell,  
and hope you will soon be  
back to your usual health.

 with you  
 will always be  
 close as friend  
 guess I'll be  
 change that lots & lots  
 of luck &  
 stuff

hope you won  
 and I'll be  
 on the right thing.  
 Lets go see this  
 a lot of times  
 you can always get

The year 1950 marks a milestone in the lives of the senior class members—a year both anticipated and dreaded. It is anticipated because for most it is the beginning of a truly grown-up and self-reliant existence; it is dreaded because it is the end of the road as far as high school days, high school pals, and high school teachers are concerned. The majority of us will leave them behind and go on to new friends, new occupations, and new teachers. There will be little or no time to look back and reflect on "the good old days" of high school.

Dear Mother  
I am well and hope  
you are the same. I am  
writing you a few lines  
to let you know I am  
thinking of you and  
hoping you are all well.

I have just left a note.  
They probably won't let me  
because of my age. I hope  
all the same a lot of love to the market and love all  
around this year. I won't be here in 1914  
I'm going to the U.S. some time in 1914.

*The gates are open. Good luck!*

I hope you don't mind me taking up half  
 of your time to write in but I know you would  
 mail it for me and I will surely get it in some  
 way or another. Take it to the **Patrons** **North** **East** **South** **West**

Best of Luck Day an  
Always - Betty -  
Your friend  
Stephen

Yours truly  
John C. Brown

The first of these is the  
 fact that the population  
 of the world is increasing  
 rapidly. This is due to  
 a number of factors, including  
 improved medical care, which  
 has reduced the death rate,  
 and increased birth rates,  
 which are due to a number  
 of factors, including improved  
 living conditions, and  
 increased life expectancy.

Dear Betty,  
 Well, we made it  
 through our senior year  
 with minor injuries. We've  
 had a lot of fun at those football  
 games, but we can still have a lot  
 of fun in the stands. Don't forget  
 those cold, wet mornings on the football  
 field at school. Those are games I don't want  
 to forget. Let's be good losers. Have fun this  
 summer, see you at Corona.

 to see you more in  
 summer of 1900

Dear Betty  
 I hope to see you this  
 summer. I think you really are a great girl.  
 Even if I do say so myself.  
 You are a real beauty!

You made a real small  
 majorette last year, and  
 I want to wish you the  
 best of luck always.  
 Evelyn Wethington

To a real swell girl,  
and a fellow Algebro  
student — and Wow!  
a majorette — my  
best. to you always —  
Dick Lyon

Dear Betty,  
Well I want to  
congratulate you on  
being awarded a swell  
majorette in your post  
year. And I wish you  
the best of luck and  
happiness in your  
senior year.  
Nancy Lind

Betty  
Don't know you  
to well, but I know  
you were one of the better  
and funniest. Best of luck  
in all the world to a  
swell girl  
Al Lyon

Dear Betty,  
Lots of luck to a good majorette. The  
third goon from the right. Why  
the he — didn't you ever do your  
homework in English! I hope I see  
you at the beach this summer!
